Reminder – Internet Explorer (IE) 11 Migration

Please take note that Microsoft announced the support on Internet Explorer was ended from June 15, 2022. The Internet Explorer 11 desktop application has been permanently disabled through a Microsoft Edge update on certain versions of Windows 10.

To avoid any incompatibility issues and safeguard the users' normal operational use of the E-Banking Services, participants who are currently using IE 11 as their sole internet connection for accessing to the user interface are reminded to migrate to other supported browsers such as the latest version of Microsoft Edge, Google Chrome, Apple Safari and Firefox.
