Important Notice to Customers

About SMS Sender Registration Scheme

To assist the public in ascertaining the authenticity of SMS sender address and combat fraudulent activities, the SMS Sender Registration Scheme has been launched. Starting from January 28, 2024, if you use mobile communication services provided by local operators, the Bank will add "#" before the sender's name in the SMS message sent to your mobile phone for identification purposes. Thanks for your attention.

Please contact our Bank staff if you have any queries.
